Techs Are Talking

"Feels good in your hand!!"

- Shawn H.

"They are super accurate and practical..."

Probably the best meter for your money - thank you!"

- Antonio A.

"Very comprehensive and accurate, love the dual screens-nice job guys!"

As Paul Harvey used to say about great things, lead on!"

- Chet D.

*"Love my UEi test instruments clamp meter! I have
use it every day, definitely my favorite tool!"*

- Dylan B.

"Best damn meters out there."

- Aaron L.

8-Point Circular Laser Advantage

The circular laser directly outlines the measured spot at all distances eliminating potential errors from guessing the size of the measured spot.

A2L, What You Need To Know

Specific tools that can be certified to service A2L equipment are recovery machines, vacuum pumps, and leak detectors.

The UEi **RLD15B** Refrigerant Leak Detector is “**A2L Certified**” to the SAE 2913 standard, which includes “Component Ignition Testing”.

UEi's other Refrigeration products outside that product category are designed to work with equipment using A2L refrigerants and categorized as “**A2L Compatible**”.

UP TO
10
YEAR
WARRANTY

10 Year Warranty: All UEi combustion analyzers have a standard 1-year warranty. Each recertification extends the warranty for 1 more year for up to **10 years** from the date of purchase.

Contractors who book recertification of a C160 series analyzer at www.ueitest.com/service within 12 months from either the date of purchase or the date of the last recertification will receive reduced service pricing¹ that lowers the cost of ownership and 2 additional benefits:

Same Day Service: All qualifying analyzers received for recertification through UEi Service+ are returned on the same business day, **GUARANTEED**.²

Free Shipping: UEi Service+ offers free shipping both to and from our service center. When customers book their recertification, they receive a prepaid UPS Ground shipping label.

UEi SERVICE+ GUARANTEED! won GOLD in the 2024 Dealer Design Awards "Service & Software" category.

The Dealer Design Awards recognize product design that assists contractors with the installation, maintenance, and service of HVAC/R Products and is the only industry award judged exclusively by HVAC/R contractors.

Available to US customers only.

¹Pricing subject to change without notice. ²We'll need 48 hours for analyzers with a NO (Nitric Oxide) sensor installed.
