

## Celebrating USA's 250 Years With Our High Accuracy Clamp Meter

### Designed For HVAC/R Technicians

- High accuracy for AC Amps ( $\pm 1.5\% +8\text{dgt}$ s)
- Power Factor to determine how efficiently equipment is using power
- Wireless to free app **UEi HUB** for remote measurements
- 2-Year Limited Warranty

### Commemorative Edition!

- Celebrating USA's 250<sup>th</sup> Anniversary
- Black edition with USA 250<sup>th</sup> icon on meter and carrying pouch
- Only available in 2026!

### All The Pro Features You Love

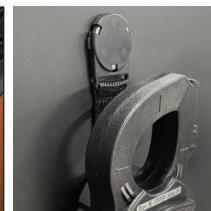

- Featuring the essential HVAC/R testing functions for professionals
- Plus the quality upgrades you've come to expect from UEi

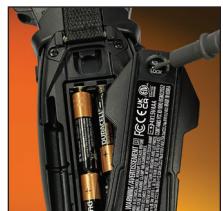

Protective rubber grip

Test lead storage

Magnetic strap

Easy access batteries

### Wireless Capability

- Available at Google Play and The App Store, search **UEi HUB**
- Measure remotely, graph, log, save and send results

TNP **\$348.18\***

Safety Rated: CATIV 600V / CATIII 1000V  
Certified by ETL to IEC 61010-1, 3rd edition

### Clamp Meter Line Comparison

### HIGH ACCURACY

**HAC** High Accuracy (20A AC)  
±1.5% +8 dcts 50-60Hz

HVAC/R Industry Standard (20A AC)  
±2.0% +5 to 10 dcts 50-60Hz

All UEI clamp meters offer Professional standard HVAC/R industry accuracy. The High Accuracy Clamp Meter is specifically designed to offer a low amp range to provide a higher accuracy specification perfect for working on;

- Variable Refrigerant Flow (VRF) systems
- Variable Frequency Drives (VFD)
- Inducer Motors for Gas Furnaces
- Mini-splits
- HVAC control boards or components

### Includes

- Silicone Test Leads (ATL70)
- Back Probe Leads (ABP3)
- Alligator Clips (AAC3)
- Temperature Probe K-type (ATT29)
- Zippered Pouch (AC570)
- Batteries AAA (4)
- Certificate of Conformity

### HAC Replaces Model

- DL589
