

Everything You Need Together!

HVAC Clamp Meter Kit

HVACKIT

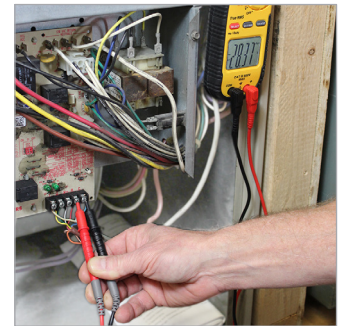

Includes

- **DL479 TRMS HVAC/R Clamp Meter**
 - 600A AC / 750V AC, 600V DC
 - Resistance 60M Ω
 - Capacitance 2000 μ F
 - Temperature -13° to 752°F (-25° to 400°C)
 - DC micro amps 2000 μ A
- **INF165C 12:1 Infrared Thermometer**
 - Temperature -76° to 1022°F (-20° to 550°C)
 - 12:1 distance-to-spot ratio
- **NCV3 Non-Contact Voltage Tester**
 - 24 to 1000V AC detection
- **ATTPC3 Pipe Clamp Adapter**
- **ATT70 K-type to Input Jack Adapter**
- **AC73 Carrying Case**
 - Shoulder strap and pockets for documents and accessories.

Applications

- Motor or line current
- Control voltage or system board voltage checks
- Circuit continuity or specified resistance
- Motor run or start faults
- Ambient or surface temperatures
- Flame safe guard
- Variable speed drives & supply power
