

### Key Selling Points

#### 8-Point Circular Laser

The INF165C has an eight-point circle laser outlining the measuring spot. This ends all confusion about the target area being measured.

#### Easy View Display

The large high-contrast backlit display makes viewing test results easy in either dark or well-lit work environments.

#### Essential Functionality

The INF165C features essential functionality needed for HVAC/R non-contact temperature measurements that include a wide temperature range, max value capture and selectable emissivity. Protected by rubber over-molding and is backed by a 1-Year limited warranty.
