

Key Selling Points

Independent CATIV Safety Rating to 1000V

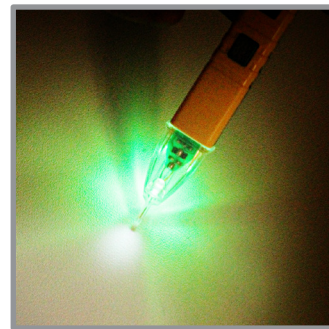

The NCV3 is safety rated to the latest edition of CATIV 1000V through ETL, which is the highest rating in the industry for a non-contact voltage detector. The ETL rating also allows the detector to be sold to our Canadian customer.

Bright LED Worklight and Magnet

The NCV3 features a bright LED worklight to safely illuminate dark work spaces. It also features a magnet, allowing users to attach the tester to metal surfaces for hands-free work while lighting the work space.

Hi-Lo 24V to 1000V Audible and Visual Indicator

The NCV3 detects high and low voltage with both a sharp audible alert and bright LED visual flashing sequences.
