

UTLC11

Features

- Auto zero and auto-calibration feature.
- Powered by batteries, Auto power off in 15 min. under non-operation.
- Long life electrochemical sensor
- High repeatability / selectivity to Carbon Monoxide (CO)
- Reduced influence by various interference gases.
- 1 Year Limited Warranty

Specifications

- Measuring range: 0 – 999ppm
- Accuracy: $\pm 20\%$ at 0 – 100ppm
 $\pm 15\%$ at 100 – 500ppm (59°~77°F, 30%~70%RH)
- Power supply: 3 (AAA)
- Response Time (T90): within 60 seconds
- Operating humidity: 5~99%RH (no condensation)
- Storage condition: -40°~158°F
- Operating temperature: 14°~140°F
- Meter size: 175 X 47 X 28mm (L x W x D)
- Standard packing includes: Meter, manual, wrist strap, carrying pouch
